Application for Engagement in Commercial Encryption

Guidance Notes

This application form provides a filing list, which may assist any company requesting a License for Engagement in Commercial Encryption Items.

The application is suitable for all types of engagement in commercial encryption items.

The company requesting the license should fill the necessary details.

The company applying for the license should attach a detailed technical file concerning the required encryption item (it is advised that these files be in a Word or PDF format).

The company may submit the full application and the required attachments via email. The email addresses for sending the files mentioned above are:

ornit_gabbay@mod.gov.il

In case the company would like to send the application by registered mail the address is:
Encryption Control Unit
Department of Defense Export Controls (DDEC)
Israel Ministry of Defense
P.O.B. 7093
Hakirya
Tel-Aviv 6107002

In case the company would like to send the application using a courier the delivery may be coordinated with the Encryption Supervisor (phone number: 972-3-6977458 / 9).
